New Break Announces Closing of Flow-Through Private Placement

Toronto, Ontario, December 31, 2020 – New Break Resources Ltd. (“**New Break**” or the “**Company**”) is pleased to announce that it has closed a non-brokered private placement offering of 1,019,000 flow-through common shares of the Company (the “**F-T Shares**”) at a price of \$0.12 per F-T Share, for aggregate gross proceeds of \$122,280 (the “**Offering**”).

The gross proceeds received by the Company from the sale of the F-T Shares will be used to incur eligible “Canadian exploration expenses” (“**CEE**”) that are “flow-through mining expenditures” (as such term is defined in the Income Tax Act (Canada) (the “**Tax Act**”) related to the Company’s Moray Gold Project, near Timmins, Ontario. The Company will renounce such CEE to the purchasers of the F-T Shares with an effective date of no later than December 31, 2020.

In connection with the Offering, the Company paid a finder’s fee to Accilent Capital Management Inc. of \$7,014 in cash and issued 58,450 common share purchase warrants (each, a “**Finder Warrant**”). Each Finder Warrant is non-transferrable and exercisable for one common share of the Company at an exercise price of \$0.12 for a period of twenty-four (24) months from the date of issuance.

The financing constituted a related party transaction within the meaning of Multilateral Instrument 61-101 (“MI 61-101”) as an insider of the Company subscribed for an aggregate of 184,000 F-T Shares for gross proceeds of \$22,080. However, the valuation and minority shareholder approval requirements of MI 61-101 do not apply to the Company as the Company is not currently a reporting issuer.

The securities issued pursuant to the Offering will be subject to a statutory hold period in accordance with applicable securities laws. The securities offered have not been and will not be registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or applicable exemption from the registration requirements.
