The closing of the final tranche of the Offering consisted of 1,150,000 FT Shares for gross proceeds of \$97,750 and 6,188,000 Units for gross proceeds of \$464,100. No finder’s fees were paid in connection with the closing of the final tranche of the Offering.

In aggregate, the Offering was oversubscribed over the three tranches, with New Break raising gross proceeds of \$1,000,000. \$442,000 of the proceeds came from the sale of FT Shares and \$558,000 came from the sale of Units, with the Company netting \$996,940 after finder fees of \$3,060.

Each Unit consists of one common share (“**Common Share**”) of the Company and one common share purchase warrant (“**Warrant**”), with each Warrant entitling the holder thereof, to purchase one additional Common Share of the Company at a price of \$0.12 for a period of twenty-four (24) months from the date of issuance.

The gross proceeds from the sale of FT Shares will be used for Canadian Exploration Expenses (“**CEE**”) and will qualify as “flow-through mining expenditures” as defined in the *Income Tax Act* (Canada). More specifically, proceeds from this final tranche will be used to fund ongoing exploration at the Company’s Moray gold project, located approximately 49 km south of Timmins, Ontario and 32 km northwest of the Young-Davidson gold mine, operated by Alamos Gold Inc. The proceeds from the sale of the Units will be used for general working capital purposes.

All securities issued pursuant to the final tranche of this private placement are subject to a statutory hold period of four months and one day expiring on January 6, 2026, in accordance with applicable Canadian Securities Laws. The completion of the Financing is subject to certain conditions including, but not limited to, the receipt of all required regulatory approvals including final approval of the CSE.

Patricia Quigley, (a “**Control Person**”) purchased a total of 1,000,000 FT Shares and 1,000,000 Units of this final tranche. This issuance of securities constitutes a “related party transaction” as such term is defined under Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions (“**MI 61-101**”). The Company is relying on an exemption from the formal valuation and minority shareholder approval requirements provided under MI 61-101 pursuant to section 5.5(a) and section 5.7(1)(a) of MI 61-101, on the basis that the issuance of the securities does not exceed 25% of the fair market value of the Company’s market capitalization.

The securities being offered have not been, nor will they be, registered under the United States *Securities Act of 1933*, as amended, and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons absent registration or an applicable exemption from the registration requirements. This news release will not constitute an offer to sell or the solicitation of an offer to buy nor will there be any sale of the securities in any State in which such offer, solicitation or sale would be unlawful.
